2 security staff fired after baggage taken at Winnipeg's airport

Two airport security employees have been fired after a luggage theft at Winnipeg's James Armstrong Richardson International Airport, according to sources. Sources told CTV News a piece of luggage was left unattended in a public area of the airport and turned over to security staff. Sources said the bag was removed from the airport. Two employees of Avion Security have since been fired, said sources. [Video Report](#)

Bomb threat forces plane to land in Brazilian Amazon

Brazil's federal police say a bomb threat forced a passenger plane to make an unplanned landing in the Amazon city of Manaus. A note was left in a bathroom in Brasilia's airport claimed that a bomb was aboard the TAM jet. It had already taken off when the note was discovered, so officials routed the plane to Manaus, where it safely landed. [Read more](#)

Aviation security institute to be launched at CIAL

The Cochin International Airport Limited is set to take flight to new horizons by launching the Aviation Security Training Institute next month at a cost of Rs 2 crore, to train personnel of all stakeholders covering security areas at airports. The institute has been set up after two years of persistent efforts by CIAL to create infrastructure like computer-based training, explosive model section, x-ray simulator training section and library. Dingy LaGuardia Airport undergoing \$4.1 billion makeover

DARK, dingy, cramped and sad. These are some of the ways travellers describe LaGuardia Airport, a bustling hub often ranked in customer satisfaction surveys as the worst in America. "It does not represent what people think of when they think of New York and Broadway shows and glamour. It's not very pretty," said Layla House, a sales manager for a medical supply company who travels from her home in Bullard, Texas, to New York at least six times a year. That's about to change. Bangkok: Clear pictures of Sunday bomb suspect

Deputy national police chief Ek Angsananon, who went to inspect the blast site, said CCTV camera footage captured the suspect clearly and it would be evidence to back a warrant for his arrest. Pol Gen Ek said the suspect apparently wanted to toss the grenade into a tent behind the rally stage, which is reserved for PDRC leaders and staff and reporters, but missed the target. The device hit the roof of a nearby coffee shop and exploded. [Read more](#)

Local Expert Offers Thoughts On Terrorism Threats In Sochi

Russian president Vladimir Putin says security at the Olympic Games in Russia will be extensive, but not intrusive. Still, there are credible terror threats and some American intelligence experts believe going to Sochi is risk. Counter-terrorism expert and La Salle professor Edward Turzanski says Russia has all the incentive in the world for these games to go off without incident. [Read more](#)

Taliban bombing kills 20 troops in Pakistan

A Taliban bombing inside an army compound in northwest Pakistan killed at least 20 troops, officials and militants said, in one of the deadliest attacks to target the country's forces as they battle insurgents in its volatile frontier. The blast targeted a vehicle in a convoy about to leave a military base in the town of Bannu and drive west to the North Waziristan tribal area, police official Inyat Ali Khan said. Pakistan's military said the blast wounded 30 troops. [Read more](#)

Italy names port as transfer site for Syria chemical weapons materials

The southern Italian port of Gioia Tauro will be the site for the transfer to a U.S. ship of chemical weapons materials from Syria. The first load of materials for poison gas and nerve agents currently are aboard a Danish ship, and Italy has agreed to serve as the transfer port to the U.S. cargo vessel Cape Ray for eventual destruction at sea -- all part of international efforts to rid Syria of chemical weapons. Beijing introduces new asset-freezing anti-terror law

China's central bank has announced new regulations that enable authorities to freeze assets of domestic terrorist groups and their "overseas affiliates" as part of continued efforts to fight rising terrorist activities in the country. The new measures was jointly issued by the People's Bank of China, the Ministry of Public Security and the Ministry of State Security. [Read more](#)

U.S. Army tested biological weapons in Okinawa

The U.S. Army tested biological weapons in Okinawa in the early 1960s, when the prefecture was still under U.S. rule. In the tests, conducted at least a dozen times between 1961 and 1962, rice blast fungus was released over paddies to see how it affected production, the documents made available by U.S. authorities showed. Rice blast disease causes lesions to form on the plant, threatening the crop. The fungus, which is known to occur in 85 countries, is estimated to destroy enough rice to feed 60 million people a year. [Read more](#)
